

HOW TO MAKE A HAIRY MONSTER

SUPPLIES

- Fist-size bundle of yarn
- One Pipe cleaner
- Palm-size piece of cardboard, with a small slit cut on one long side
- Googly eyes or stickers
- Pair of scissors

1.) Tuck one end of the yarn into the slit in the cardboard.

2.) Wrap the rest of the yard around the cardboard in one direction, overlapping until it is all gone. Don't make it too tight.

3.) Slide the pipe cleaner behind the layer of yarn, as shown.

4.) Twist the pipe cleaner tightly around the yarn several times.

5.) Bend the ends of the pipe cleaner to make funny ears or antennae.

6.) Turn the card over so that the ears are upside-down, and cut the yarn down the middle as shown.

7.) Release the monster from the card!

8.) Smooth out your monster's legs and decide where its eyes will go.

9.) Stick your googly eyes or stickers onto the pipe cleaners and shake your hairy monster!
